Our College maintains a healthy and congenial academic environment for the students. The institution offers protection to the new entrants from the menace of ragging. For this purpose, the institution has constituted an Anti- ragging cell. Also, an anti-ragging Squad was formed and deputed to monitor students' discipline, both inside and outside the campus. Posters were displayed inside and outside the college having all the helpline numbers. The College maintains a zero-tolerance policy towards ragging. Keeping in line with this commitment, our dedicated Anti-Ragging Committee, looks into every complaint which falls under the category of ragging. All issues in this regard, are dealt with utmost urgency and stringent action is taken against those involved. The Anti-Ragging Committee of the college conducted an orientation lecture regarding the anti-ragging regulations to the senior students on 30-July-2019
